## Description:

It's **Youth Week** and to celebrate there will be water skiing and tubing on Lake Cargelligo and Gum Bend Lake. This is an annual event coordinated by youth organisation Young Life Australia with the help of local youth agencies.

It's an opportunity for some **great vision!**

Hundreds of young people try something they have never done before. There will be plenty of action, spills and great scenery.

The team will run games and activities on land and everyone has a turn on the water.

Go to Young Life Australia's event page [younglife.org.au/watersportstour/](http://younglife.org.au/watersportstour/) for more details and see our facebook coverage [@younglifecentralwest](https://www.facebook.com/younglifecentralwest) for a glimpse of the action at Brewarrina where the tour began today.
